2023-2024 Degree Map B.S. Marine Science – Marine Biology
School of Natural Sciences & Mathematics | Stockton University
USC1 – 240 | (609) 6524546

This is a suggested plan of study for completion of this degree program. The goal of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- x All students should speak with their preceptor about their academic program. Students are advised to reference their Degree Work for information about their program's At-Some-Distance and Cognate courses.
- x Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.
